EARN as you Study LEARN as you do Business PAY back from Profits

SEAL conceptualized the Entrepreneur Learner Pathway (ELP) methodology to disrupt the current education system. ELP is designed to raise a generation with an entrepreneurial mindset – every candidate will have the ability to turn an idea into a concept, develop the concept into a business, and subsequently grow and nurture that business into a profitable and valuable entity. All students, regardless of success or failure of business, will come out of the ELP MBA with the crucial experience of building a business from ground up. There is no better learning than hands-on experience.

Mentorship is at the core of the ELP methodology. Dr. Jacob, the founder of SEAL, is an expert business architect with a financial brilliance that spans over 40 years. He will mentor all students personally. He has worked with CEO's across various industries, providing turn-around consultancy and transforming their businesses.

We have partnered with highly acclaimed institutes such as University of Bolton and Harvard Business School Online to bring you the best MBA experience.
